is a 501C(3) non-profit organization making  
contributions tax-deductible.

## LET'S BUILD A HOUSE TOGETHER

**A house goes up one brick at a time, one board at a time.  
And, in this case, one contribution at a time.**

The Samantha's House Foundation is an organization that helps seriously injured people in Central Indiana improve their housing conditions and daily routines through enhanced accessibility and mobility making their everyday life just a little easier. This community-wide effort started when little Samantha Allen was involved in a serious automobile accident.
